MOOSMAIR
HOTEL • FARMHOTEL

FARM + HOTEL = FARMHOTEL

**STRONG SYNERGY
FAMILY UNITY
& PERSONAL VISION**

This has been our home for over 700 years.
Small, unpretentious and with the values of our forebears
at its heart. More than seven centuries of mountain farm life
that have defined who we are today. And now, as nearly 150
years have passed since our little hotel
evolved from the farm, we feel very fortunate that our
interests align exactly with the enduring legacies of our
family.

Max welcomes you to the farmhotel.
Sophia welcomes you to the farm.

OUR COWS ARE HERE!

A WARM WELCOME TO THE FARM: ELLA, EMIL, YANA, SINA, IDA & SAMU!

In early November, we had the pleasure of welcoming our first cows. What an excitement! The little ones were just two months old when we got to meet them - on a farm that shares our vision of animal welfare 100%, run by an owner with a big heart for animals, and with the uncertainty that we would fall in love with them that very day: with their fur, their horns, their gentle nature, and their sturdiness.

And to be honest... this love grows more each day!

With our 4 females, Yana, Sina, Ida and Ella, we aim to build our mother cow herd. In the spring, two more females from the same farm will join us. Speaking of spring...

OUR FARM SHOP IS TAKING SHAPE!

... and should be ready in spring, so we can start our production at the farm for the first time. What an exciting year! So, here's our summer plan: While our cows enjoy the summer on the Moosmair mountain hut in the nature park Rieserferner, we will collect and process wild herbs for our farm shop, which, at the latest by autumn, will be filled with shelves eagerly awaiting your visit!

And, of course, we're looking forward to your visit too! :o)

THE MOOSMAIR TAVERN

A TRIBUTE TO OUR DEAR FARMERS

Our Tavern- the heart and soul of the farm for many years. Those who know our story will understand that this was actually the place where the foundation for today's tourism at the old Moosmair farm was laid. When we decided to renovate our main house in 2007, we were determined to preserve this little gem.

THE STORY OF THE RETRO TABLES

The outer walls of the Tavern were planned based on the existing wooden benches, which we lovingly expanded, restored, and kept - just like the beautiful wooden chairs and our rustic „retro tables,“ as one of our guests affectionately called them.

„Retro tables“, why? Because the ornate, sturdy iron frames evoke memories of the 1970s, and we feel like they are slowly becoming fashionable again. Only the truly robust plastic surface, which had to endure many spilled drinks and cigarette burn marks was no longer to our taste. ;o)

We have now replaced them with beautiful cherry wood tops - along with the signature of our dear farmers, who have truly earned their place at the regulars' table here!

DISHES WITH STORY, TASTE AND MEMORY

A culinary piece of the past!

Every month, we bring the past to life here at the Moosmair – as part of our half-board service and on special days that were once of great importance in the farming calendar.

Whether it's the shift change on Candlemas, the Feast Day of the Church, or Thanksgiving – each dish tells its own story and transports us to a different time. Together with our kitchen team, and occasionally with a local farmer or farmwoman, we take a look into the pots of the past and let ourselves be enchanted by fascinating tales from old times.

A culinary experience that touches not only the palate but also the soul!
